NEWS RELEASE

Green Bay Declares Snow Emergency

(Release Date: Monday, December 28, 2015)

The City of Green Bay is declaring a snow emergency effective at 7:00 p.m. on Monday, December 28, 2015 due to the chance of excessive snow and high blowing winds. The snow emergency is in effect for all streets within the corporate limits of the City of Green Bay. Snow emergency restrictions will remain in effect until 12:00 p.m. on Tuesday, December 29, 2015.

During the snow emergency, the following restrictions will be enforced:

- 1) No vehicle will be allowed to park on any street until the snow emergency has expired
- 2) Overnight on-street parking will not be granted during the snow emergency
- 3) Vehicles found parking on-street during the snow emergency will be tagged, ticketed and towed at the owner's expense

Again, the snow emergency will remain in effect until **12:00 p.m. on Tuesday, December 29, 2015**. All Green Bay residents and property owners must follow these snow emergency restrictions to help ensure that the Department of Public Works can clear roads in a safe and efficient manner.

Due to the snow accumulation and extreme conditions, residents are urged not to travel unless absolutely necessary. Reduced traffic contributes to resident safety and allows DPW to do its most effective job at clearing streets. City of Green Bay-DPW thanks you for your understanding and support.
